

DesignView™

Presentation Display System

exhibiting solutions

Branded Graphics, Built-In Screen: DesignView™

Build your presentation right into your display! With front or rear screen projection, DesignView™ gives you a big, branded graphic with a built-in screen area for seamless, impactful messaging.

Short-Throw Projection

Get presentations measuring up to 100" (21.2 cm) diagonally with a projector that is less than 26" (66 cm) away – leaving you ample space for interaction.

Easy, No-Tools Set Up

Lightweight perimeter frame with pre-attached fabric graphics sets up in about 2 minutes. Low-profile support feet provide stability.

Fabric Graphics, Integral Screen

Durable Skyline graphics carry your brand and have screen areas available in a variety of sizes and positions to fit your needs.

Packs Small

Frame and graphic fits in a single soft-sided shipping case with wheels. The projector fits in an additional protective shipping case.

Buyers Choice Award Winner!

DesignView™ voted best new product at EXHIBITOR2009

Impact for Rent!

Get impact without investment. DesignView units, complete with projector, are available for rent. You can purchase a custom, branded graphic screen or, for even lower costs, rent a standard black or white screen.

WT610E

Digital installation projectors

Goes where no projector has gone before.

SMART DESIGNS ENABLE VERSATILE ACTIONS

- **Space saving design.** Achieve up to a 100" diagonal image from 25.95" away from the screen
- **Designed to fit** into the smallest of rooms
- **Network connectivity.** Communicate with the projector with or without wires through an existing infrastructure or an on-the-fly peer-to-peer connection (802.11b/g).
- **USB flexibility.** Play back presentations or display images stored as .jpgs from standard USB keys.
- **Project on almost any color wall.** Preset selections provide for adaptive color tone correction when projecting onto non-white screen material or walls.
- **Extensive connections** to virtually any source through HDTV, S-video, component, or composite video
- **Adapts for special needs.** ADA508-compliant for hearing-impaired and colorblind users supporting closed caption display and black & white menu options.
- **Pincushion adjustment.** Maximize image display with fine tune pincushion adjustments that reduce barrel distortion.
- **AutoSense™** intuitively syncs the projector with most computer signals and features one-touch image optimization

AMAZING IMAGES ENABLE STUNNING PRESENTATIONS

- **High resolution display.** XGA (1024 x 768) native resolution, compatible with computer signals up to UXGA (1600 x 1200).
- **High contrast.** 3500:1 enables varying levels of black to be displayed by the projector for improved video quality.
- **Bright.** 2000 ANSI lumens.
- **Real life colors.** VORTEX Technology Plus™ breakthrough image processing technology improves white balance, color accuracy, dynamic range and varying levels of black in an image.
- **HDTV capable.** HD signal compatibility for the best video quality.
- **Advanced AccuBlend™.** Ensures detailed images even when non-native resolution sources are connected to the projector.
- **Color management.** Automatically adjusts for input type (presentation, movie, video, graphic and sRGB).
- **Variable audio out.** Control external amplified audio through the projector.
- **Enhanced video.** DLP™ technology enables real life video.

NEC IS A LEADER IN DEVELOPING TECHNOLOGIES TO EXTEND PROJECTOR LIFE

- **Extended lamp life.** ECO Mode™ technology increases lamp life by up to 100% for up to 4000 hours.
- **Security features.** Enhanced multi-level security features protect your investment.
 - **Integrated lock slot.** Attach a security cable to physically lock down the projector
 - **Cabinet control lock.** Lock cabinet control keys to prevent unauthorized access.
 - **Logo lock.** Restricts changes to logo saved in projector memory
 - **Password protection.** Restricts unauthorized use of projector
- **E-mail notification** when maintenance is due
- **Quiet operation.** Low operating noise at < 32dB in ECO Mode.
- **Sleep timer setting** enables projector to automatically shut down
