

“L” Frame Banner System

The L-Frame Banner system is ultra lightweight, extremely portable and priced with your budget in mind.

The L-Frame system is available in a variety of styles:

- Single sided banner stand display
- Double-sided banner stand display
- Panel system ideal for back wall exhibits

The L-Frame system features vibrant fabric graphic panels. Visually stunning and extremely lightweight for maximum portability and simple set up.

With an ultra light frame and fabric graphic the L-Frame Banner System is easy to transport and install. This display system makes exhibiting a breeze.

Each L-Frame Banner stand unit comes with a padded soft-sided carry case . Spot Lights are also available for maximum impact.

Ideal for retail, trade show and exhibition environments. This banner stand system offers you maximum flexibility and choice. If you need a stand alone banner, a portable back wall display or a double-sided graphic for high traffic areas. The L-Frame system will make you stand out in the crowd!
