

## Set Up

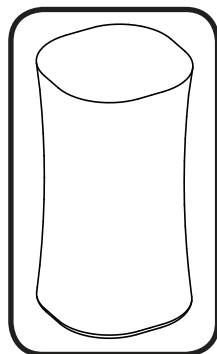

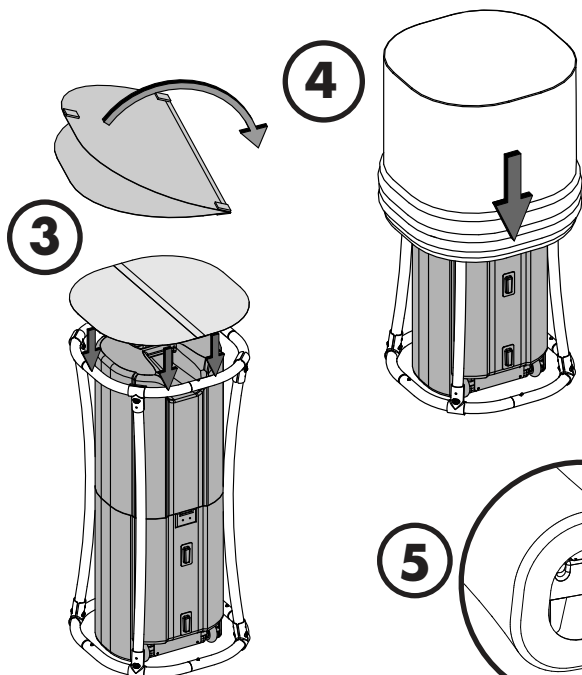

**1.** Assemble frame by connecting 4 curved tubes for the bottom level and 4 curved tubes for the top level. Using thumbscrews, attach the 4 vertical tubes to each corner.

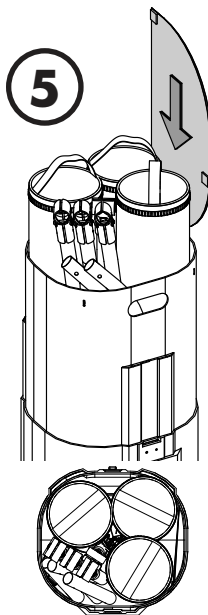

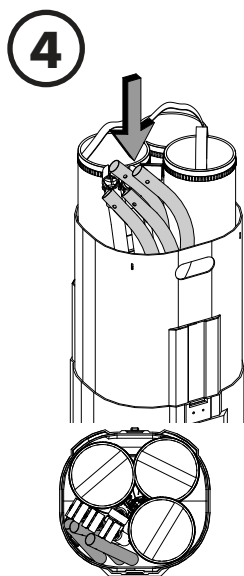

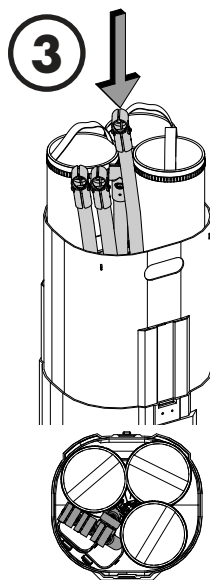

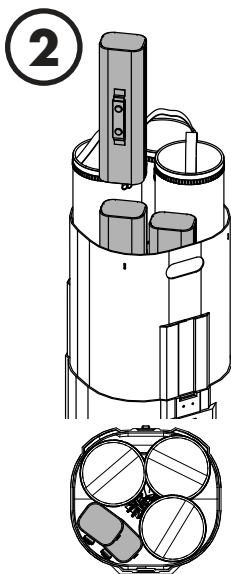

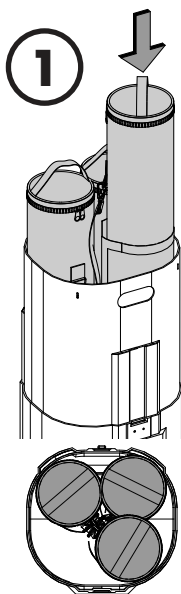

**2.** Fit assembled frame over the case.

**3.** Unfold the top panel and place it on the top level of the frame.

**4.** Slip the cover over the frame and pull it down to the bottom. Align the seam at the top with the edges of the top panel.

**5.** Tip the table to the side and tighten the drawstring on the cover.
